 IDENTIFIERS Higher Education General Information Survey; *Peer Institutions

ABSTRACT

Ratios that enable colleges and universities to select other institutions for comparison are presented. The ratios and underlying data also enable colleges to rank order institutions and to calculate means, quartiles, and ranges for these groups. The data are based on FY 1983 U.S. Department of Education Statistics. The ratios summarize the relationship between important categories of transactions: revenue sources related to total expenditures, expenditures for major operating functions related to total revenues, and full-time equivalent categories. The ratios are provided by state for private and public institutions. The schools are coded according to the following institutional identifying characteristics: Department of Education Institution Classification Codes, Department of Education Level of Offering Codes, Higher Education Directory Level of Offering Codes, academic calendar codes, control or affiliation codes, city size codes, and land grant codes. Additional sections cover: revenue contribution ratios; expenditure demand ratios; plant, endowment assets, and plant debt; and opening fall enrollment ratios. Appended are the Financial Statistics Survey Form and the Fall Enrollment Survey Form. Instructions are provided for obtaining and using special information management software (two diskettes) that enable an institution to create a statistical database for use with this publication. INTRODUCTION

Please Read This Section Before Using The Information In This Volume

The Purpose of the Volume

The idea for this volume came in response to frequent requests for advice on selecting institutions for comparison. With the information included here you can identify different institutional profiles and select any number of peer and aspiration groups.

The Ratios

The ratios summarize the relationship between important categories of transactions: revenue sources related to total expenditures, expenditures for major operating functions related to total revenues, and enrollment FTE categories related to total FTE enrollment.

The ratios show the profile of relationships for an institution in fiscal 1983 dollars in Sections 1 through 4 and in Section 5, fall of 1983 enrollment.

Using The Ratios

The ratios and underlying data are more than adequate to fulfill the purpose of the book: to provide the capability of choosing peer groups from the entire population of colleges and universities, to rank order institutions, and to calculate means, quartiles and ranges for these groups.

It is a well-known phenomenon in statistics that errors in reported data on individual institutions tend to cancel out in forming group numbers (such as totals and averages), provided the group is large enough. Because there are errors in data reported by individual institutions, group statistics based on HEGIS data will be untrustworthy if the number of institutions in the group is small. Using at least 30 institutions in a group is a good rule of thumb to generate trustworthy statistics for the whole group.

There are other reasons that urge caution in using ratios for individual institutions or for small groups of institutions. The Center for Statistics **imputes** data for some institutions, and **allocates** to institutions within some systems the costs of system operations. These are reasonable editorial policies for the Center, which is primarily concerned with totals for regional and national groups of institutions and not with individual institutional data.

Data are **imputed** to an institution if (a) the institution has not filed a report for the year, or (b) the institution's report for the year does not include an item reported in earlier years. The imputed data represent a reasonable guess about the data for the institution, but are not data provided by the institution. The IMP field in Section 1 identifies institutions for which data have been imputed. The number in the field is the number of survey lines that contain imputed data.

Data are **allocated** to an institution as a means of reflecting central system office data within individual institutions of a system because a central office is not regarded as a separate institution. The allocation formula is unique to the system. If allocation has occurred data shown for an institution may differ significantly from data reported by the institution. However, the institution ratios may not be

INTRODUCTION

significantly affected. The Alo field in Section 1 contains the number of lines in the report to which data have been allocated.

We leave it to the user to decide how much imputed or allocated data are acceptable for the purpose intended.

Updates FY '83

The remedy is immediate and positive for the institution that believes the ratios that appear here are seriously misleading. Send a copy of the original financial or enrollment report to The National Data Service, 2400 Central Avenue, Suite B--2, Boulder, CO 80301. A supplement of updates is planned and will be distributed to each subscriber without charge.

Using Micro Computer Software

Special information management software is available to use with this publication. Prepared data entry screens and statistical functions are provided to assist the user in entering and analyzing the data on an IBM or compatible PC, XT, or AT computer.

If you have the software, place the Manual diskette in the A drive, set up the printer, and at the A> prompt, type MANUAL and press Return. The Manual will then be printed on your printer.

John Minter, Editor

Other Fields **Imputed Data**

This field shows the count of report form lines on which imputed data appear. Data are imputed for institutions not reporting or with data reported in the prior year but not in the current year. This practice enables the Department of Education to estimate regional and national totals with reasonable accuracy.

Allocated Data

The Center for Statistics allocates data of multi-campus systems by a formula provided or approved by the system. The number of report form lines containing allocated data is reported in this field.

FTE Enrollment

The FTE Opening Fall Enrollment reported to the Department of Education for Fall 1982. These numbers relate to Fiscal Year 1982-83 and are for the year prior to enrollment reported in Section 5.

Educational and General Expenditures

Line B12 of the Financial Statistics Report expressed in millions of dollars.

Total Current Fund Expenditures

Line B19 of the Financial Statistics Report expressed in millions of dollars. In this section and in Sections 2 through 4, institutions are ranked by this statistic.

Section 2
REVENUE CONTRIBUTION RATIOS

SECTION 2**Revenue Contribution Ratios**

These ratios measure the contribution of major revenue sources against the costs they are expected to cover. The size of the ratio indicates the degree of dependence on a particular source. Over time, contribution ratios that remain constant or increase mark revenue sources that are increasing at the same or higher rate than expenditures. Declining ratios over time reveal a weakening revenue stream relative to expenditures even though dollar totals may be increasing.

The line references below are to the **Financial Statistics of Institutions of Higher Education** survey form (2300-4) of **The Higher Education General Information Survey (HEGIS XVIII)**. See Appendix A.

Ratio 1	Tuition Contribution Numerator: Tuition Revenue, Line A1 Denominator: Educational & General Expenditures and MT, Lines B12 minus A21
Ratio 2	Federal Appropriations Contribution Numerator: Federal Appropriations, Line A2 Denominator: Educational & General Expenditures and MT, Lines B12 minus A21
Ratio 3	State Appropriations Contribution Numerator: State Appropriations, Line A3 Denominator: Educational & General Expenditures and MT, Lines B12 minus A21
Ratio 4	Local Appropriations Contribution Numerator: Local Appropriations, Line A4 Denominator: Educational & General Expenditures and MT, Lines B12 minus A21
Ratio 5	Federal Grants and Contracts Contribution Numerator: Federal Grants, Contracts minus Pell Grants, Lines A5 + A6 minus A21 Denominator: Educational & General Expenditures and MT, Lines B12 minus A21
Ratio 6	Pell Grants Contribution Numerator: Pell Grants, Line A21 Denominator: Educational & General Expenditures and MT, Lines B12 minus A21
Ratio 7	State Grants and Contracts Contribution Numerator: State Grants, Contracts, Lines A7, A8 Denominator: Educational and General Expenditures, Lines B12 minus A21
Ratio 8	Local Grants and Contracts Contribution Numerator: Local Grants, Contracts, Lines A9, A10 Denominator: Educational and General Expenditures, Lines B12 minus A21
Ratio 9	Private Gifts and Contracts Contribution Numerator: Private Gifts, Contracts, Lines A11, A12 Denominator: Educational and General Expenditures, Lines B12 minus A21

SECTION 2

-
- Ratio 10** **Endowment Income Contribution**
Numerator: Endowment Income Applied, Lines A13, A14
Denominator: Educational and General Expenditures, Line B12 minus A21
- Ratio 11** **Sales and Services of Educational Activities Contribution**
Numerator: Educational Sales, Services, Line A15
Denominator: Educational and General Expenditures, Line B12 minus A21
- Ratio 12** **Other Sources Contribution**
Numerator: Other Sources, Line A18
Denominator: Educational and General Expenditures, Line B12 - A21
- Ratio 13** **Total Revenue Contribution to Total Expenditures**
Numerator: Total Revenue, Line A20 minus Line A21
Denominator: Total Expenditures, Line B19 minus A21
- Ratio 14** **Educational and General Revenue Contribution**
Numerator: E & G Revenue, Sum Lines A1 through A15, A18 minus A21
Denominator: Educational and General Expenditures, Line B12 minus A21
- Ratio 15** **Auxiliary Revenue Contribution to Auxiliary Expenditures**
Numerator: Auxiliary Revenue, Line A16
Denominator: Auxiliary Expenditures, Line B14

Section 3
EXPENDITURE DEMAND RATIOS

Expenditure Demand Ratios

These ratios measure the demand of major expenditure functions on current revenues. The size of the ratio suggests the extent of the function. The demand ratio, in relation to revenues may be constant or declining if expenditures are contained. Demand ratios increasing in size suggest a changing emphasis or uncontrolled expenditures.

The line references below are to the **Financial Statistics of Institutions of Higher Education** survey form (2300-4) of **The Higher Education General Information Survey (HEGIS XVIII)**. See Appendix A.

Ratio 16	Instruction Demand Numerator: Instruction, Line B1 Denominator: Educational and General Revenues*
Ratio 17	Research Demand Numerator: Research, Line B2 Denominator: Educational and General Revenues
Ratio 18	Public Service Demand Numerator: Public Service, Line B3 Denominator: Educational and General Revenues
Ratio 19	Academic Support Demand Numerator: Academic Support, Line B4 Denominator: Educational and General Revenues
Ratio 20	Library Services Demand Numerator: Libraries, Line B5 Denominator: Educational and General Revenues
Ratio 21	Student Services Demand Numerator: Student Services, B6 Denominator: Educational and General Revenues
Ratio 22	Institutional Support Demand Numerator: Institutional Support, Line B7 Denominator: Educational and General Revenues
Ratio 23	Physical Plant Demand Numerator: Operation and Maintenance of Plant, Line B8 Denominator: Educational and General Revenues
Ratio 24	Unrestricted Scholarship Demand Numerator: Unrestricted Scholarship Funds, Line B9 Denominator: Educational and General Revenues
Ratio 25	Tuition Discount Ratio Numerator: Unrestricted Scholarships Funds, Line B9 Denominator: Tuition Revenues, Line A1

* Educational and General Revenues are composed of Lines A1 through A15 and A18 minus Line A21, the amount of PELL grants included in Line A6.

SECTION 3

Ratio 26	Restricted Scholarship Demand Numerator: Restricted Scholarship Funds, B10 minus A21 Denominator: Educational and General Revenues
Ratio 27	Total Scholarship Demand Numerator: Unrestricted/Restricted Scholarships, Lines B9 + B10 minus A21 Denominator: Educational and General Revenues
Ratio 28	Debt Service Demand Numerator: All Mandatory Transfers from Current Fund, Lines B11, B13, B15, B17 Denominator: Total Current Fund Revenues, Line A20 minus A21
Ratio 29	Educational and General Expenditures Demand Numerator: Educational and General Expenditures, B12 minus A21 Denominator: Educational and General Revenues
Ratio 30	Total Expenditures Demand Numerator: Total Current Fund Expenditures, Line B19 minus A21 Denominator: Total Current Fund Revenues, Line A20 minus A21

Section 4
PLANT, ENDOWMENT ASSETS
PHYSICAL PLANT DEBT

SECTION 4**Plant, Endowment Assets; Physical Plant Debt**

The values and ratios in this section describe physical plant value in 1983 dollars and the relationship of additions to plant and plant debt during the year.

Endowment assets are reported at book and market value. Some institutions report the same value for both.

The line references below are to the **Financial Statistics of Institutions of Higher Education** survey form 2300-4 of **The Higher Education General Information Survey (HEGIS XVIII)**. See Appendix A.

Dollar 31	Plant Value, Beginning of the Year Land, Buildings, Equipment, Lines C1:2, 2:2, 3:2
Ratio 32	Additions to Land Numerator: Additions to Land, Line C1:3 Denominator: Plant Value at Beginning of Year
Ratio 33	Additions to Buildings Numerator: Additions to Buildings, Line C2:3 Denominator: Plant Value at Beginning of Year
Ratio 34	Additions to Equipment Numerator: Additions to Equipment, Line C3:3 Denominator: Plant Value at Beginning of Year
Dollar 35	Net Plant Value at End of Year Land, Buildings, Equipment, Lines C1:5, 2:5, 3:5 minus Deductions During Year
Dollar 36	Endowment Book Value at End of Year Endowment Book Value at End of Year, Line E2:1
Ratio 37	Net Gain in Endowment Book Value Numerator: Year End Value minus Beginning Year Value, Lines E2:1, E1:1 Denominator: Beginning Year Value
Ratio 38	Endowment Yield, Book Value Numerator: Endowment Yield, Line E3 Denominator: Average Beginning Year, Year End Values, Lines E1:1, E2:1
Dollar 39	Endowment Market Value at End of Year Endowment Market Value at End of Year, Line E2:2
Ratio 40	Net Gain in Endowment Market Value Numerator: Year End Value minus Beginning Year Value, Lines E2:2, E1:2 Denominator: Beginning Year Value

SECTION 4

Ratio 41

Endowment Yield, Market Value

Numerator: Endowment Yield, Line E3

Denominator: Average Beginning Year, Year End Values, Lines E1:2, E2:2

Ratio 42

New Debt

Numerator: Additional Principal Borrowed, Line D2

Denominator: Plant Value, Year End

Ratio 43

Total Debt

Numerator: Balance Owed at End of Year, Line D4

Denominator: Plant Value, Year End

Section 5

**OPENING FALL ENROLLMENT RATIOS
FALL, 1983**

SECTION 5**Enrollment Ratios, Fall 1983**

The ratios in this section describe the distribution of FTE enrollments by academic level. The size of the ratio indicates the institution's relative dependence on each market segment. Changes in the ratios over time describe changing client mix in the institution. The enrollment ratios can be considered a refinement of the Tuition Contribution Ratio detailing the sources of tuition revenue by level of enrollment.

The institutions are ranked by Total Headcount Enrollment within state and control categories.

The line references below are to the **Fall Enrollment in Institutions of Higher Education** survey form 2300-2.3B of **The Higher Education General Information Survey** (HEGIS XVIII). See Appendix B.

Count 44	Total Student Head Count Enrollment Total Head Count Enrollment, Line 29:13, 14
Count 45	Total Student Head Count Women Enrollment Total Head Count Women Enrollment, Line 29:14
Count 46	Total Student FTE Enrollment Total Student FTE Enrollment, Lines 14:13, 14, and 28:15
Count 47	First-time, Full-time Freshmen Student Enrollment First-time, Full-time Freshmen Enrollment, Line 2:13, 14
Ratio 48	Undergraduate Full-time Student Distribution Numerator: Undergraduate Full-time Enrollment, Line 1:13, 14 Denominator: Total FTE Enrollment
Ratio 49	Undergraduate Student FTE Distribution Numerator: Undergraduate FTE Enrollment, Line 1:13, 14 and 15:15 Denominator: Total FTE Enrollment
Ratio 50	First-time Freshmen Student FTE Distribution Numerator: First-time Freshmen, Line 2:13, 14 and 16:15 Denominator: Total FTE Enrollment
Ratio 51	Unclassified Student FTE Distribution Numerator: All Unclassified Student FTE, Lines 7:13, 14 and 21:15 Denominator: Total FTE Enrollment
Ratio 52	Undergraduate Unclassified Student FTE Distribution Numerator: Undergraduate Unclassified Student FTE, Lines 8:13, 14 and 22:15 Denominator: Total FTE Enrollment
Ratio 53	Postbaccalaureate Unclassified Student FTE Distribution Numerator: Postbaccalaureate Unclassified FTE, Lines 9:13, 14 and 23:15 Denominator: Total FTE Enrollment

SECTION 5

- Ratio 54** **First Professional Student FTE Distribution**
Numerator: First Professional Student FTE, Lines 10:13, 14 and 24:15
Denominator: Total FTE Enrollment
- Ratio 55** **Graduate Student Student FTE Distribution**
Numerator: All Graduate Student FTE, Lines 11:13, 14 and 25:15

Higher Education General Information Survey (HEGIS XVIII)

FINANCIAL STATISTICS OF INSTITUTIONS OF HIGHER EDUCATION FOR FISCAL YEAR 1983

This form is authorized by law (20 U.S.C. 1221 e-1). While you are not required to respond, your cooperation is needed to make the results of this survey comprehensive, accurate, and timely.

DUE DATE: OCTOBER 31, 1983

1 NAME AND MAILING ADDRESS OF INSTITUTION OR CAMPUS COVERED BY THIS REPORT (See Definitions of Institutions on this page) (Include city, State and ZIP code)

2 FICE CODE NUMBER

3 NAME AND TITLE OF RESPONDENT

4 TELEPHONE NUMBER OF RESPONDENT
(area code, local number, and extension)

5 PLEASE NOTE THAT EACH INSTITUTION, BRANCH, CAMPUS OR OTHER ENTITY SEPARATELY CERTIFIED BY THE ELIGIBILITY AND AGENCY EVALUATION STAFF OF THE U.S. DEPARTMENT OF EDUCATION, WITH ITS OWN FICE CODE, AND LISTED SEPARATELY IN THE EDUCATION DIRECTORY—COLLEGES AND UNIVERSITIES, SHOULD BE REPORTED ON A SEPARATE SURVEY FORM AND NOT INCLUDED OR COMBINED WITH ANY OTHER SUCH CERTIFIED UNIT. BRANCHES, CAMPUSES, AND OTHER ORGANIZATIONAL ENTITIES NOT SEPARATELY CERTIFIED SHOULD BE INCLUDED WITH THE APPROPRIATE INSTITUTION OR BRANCH REPORT. IF SUCH ARE INCLUDED IN THIS REPORT, PLEASE LIST THEM BELOW.

ARE DATA FOR THIS UNIT INCLUDED IN THIS REPORT?	NAME OF BRANCH AND/OR OTHER CAMPUS	ADDRESS (CITY, STATE, AND ZIP CODE)
☐ YES ☐ NO		
☐ YES ☐ NO		
☐ YES ☐ NO		

6 IF THE EDUCATIONAL ORGANIZATION OR ENTITY COVERED BY THIS SURVEY REPORT IS PART OF A MULTI-CAMPUS INSTITUTION, OR PART OF A SYSTEM OF INSTITUTIONS, PLEASE ENTER THE NAME OF THE INSTITUTION OR SYSTEM BELOW. IF NOT APPLICABLE, CHECK HERE: ☐

Definitions of Institutions

Institutional System. A complex of two or more institutions of higher education, each separately organized or independently administered, under the control of a single administrative body.

Multi-Campus Institution. An organization resembling an institutional system, but clearly designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration (which central administration may or may not be located on one of the administratively equal campuses) or (2) an institution having a main campus with one or more branch campuses.

Main Campus. In those institutions comprised of a main campus and one or more branch campuses, the main campus (sometimes called the parent

institution) is usually the location of the core, primary, or most comprehensive program. (Unless the institution-wide or central administrative office for such institutions is reported to be at a different location, the main campus is understood to be the location of the central administrative office.)

Branch Campus. A campus of an institution of higher education which is located in a community different from that of its parent institution, that is, beyond a reasonable commuting distance from the main campus of the parent institution. To be considered a branch campus, rather than an extension center, the educational activities at the location must be organized on a relatively permanent basis (i.e., have a relatively permanent administration) and include course offerings for one or more complete college-level programs of at least one full year.

HIGHER EDUCATION GENERAL INFORMATION SURVEY (HEGIS XVIII)
DEFINITIONS AND INSTRUCTIONS
FINANCIAL STATISTICS OF INSTITUTIONS OF HIGHER EDUCATION FOR FISCAL YEAR ENDING 1983

GENERAL

The categories of current funds revenues (Part A), current funds expenditures and mandatory transfers (Part B), and the statement of changes in fund balances (Part F) are consistent with the *College and University Business Administration* (published in 1982 by the National Association of College and University Business Officers), the *Higher Education Finance Manual* and the *HEGIS Financial Reporting Guide* (published in 1975 and 1980, respectively, by the National Center for Education Statistics), and with the *Audits of Colleges and Universities* (as amended August 31, 1974) by the American Institute of Certified Public Accountants.

If you need clarification on any of the definitions or instructions on Parts A-F, call Mr. Norman Brandt, the survey director, at (301) 436-6425. For clarification on Part G, call Mrs. Genevieve Speight, Bureau of the Census, at (301) 763-7783.

To avoid unnecessary overlapping of Federal surveys of the finances of your institution, this survey is designed to include the financial statistics previously collected by the U.S. Department of Commerce, Bureau of the Census Form F-15.

Publicly controlled institutions are asked to submit two copies of this survey form to the address below: one for use by the National Center for Education Statistics, and another for use by the Bureau of the Census.

Complete this survey form and return either to the U.S. Department of Education, NCES, 400 Maryland Avenue, S.W., (Mail Stop 1001, Attention: HEGIS), Washington, D.C. 20202 or to the HEGIS coordinator, if there is a HEGIS coordinator in your State.

Please attach supplemental information, comments, etc., on a separate sheet.

All data reported should be whole dollars only: omit cents. For any item in any part where exact data do not exist, please give estimates. Items referenced in specific instructions below will be referred to by their line numbers.

THERE IS A SIGNIFICANT CHANGE THIS YEAR ON PARTS A AND B INVOLVING THE INCLUSION OF PELL GRANTS.

Part A. Current funds revenues by source for fiscal year ending 1983

Current funds revenues include all unrestricted gifts and other unrestricted revenues earned during the fiscal year and restricted current funds to the extent that such funds were expended for current operating purposes.

LINE 1. Tuition and fees. Report all tuition and fees assessed against students for current operating purposes. Include tuition and fee remissions or exemptions even though there is no intention of collecting from the student. Include here those tuitions and fees which are remitted to the State as an offset to the State appropriation. (Charges for room, board, and other services rendered by auxiliary enterprises are not reported here. See line 16.)

LINES 2, 3, and 4. Government appropriations. Include all amounts received from or made available to the institution through acts of a legislative body, except grants or contracts. These funds are for meeting current operating expenses and NOT for specific projects or programs. Examples are Federal land-grant appropriations and Federal revenue sharing funds (line 2). Federal appropriations received through State channels is a subset of line 2 and should be included in the line 2 total for Federal appropriations.

ED (NCES) FORM 2300-4, 4/83

LINES 5-10. Governmental grants and contracts. Report revenues from governmental agencies which are for specific research projects or other types of programs. Examples are research projects, training programs, and similar activities for which amounts are received or expenditures are reimbursable under the terms of a government grant or contract. Amounts equal to direct costs incurred should be recorded as charges against current restricted funds and reported as restricted current funds revenues (lines 6, 8, and 10.) Related indirect costs recovered should be reported as unrestricted revenues (lines 5, 7, and 9). Include Pell Grants (formerly BEOGs).

LINES 11 and 12. Private gifts, grants and contracts. Private gifts and grants include revenues from private donors for which no legal consideration is involved. Private contracts include those funds for which specific goods and services must be provided to the funder as stipulation for receipt of the funds. Include only those gifts, grants, and contracts that are directly related to instruction, research, or public service. Moneys received as a result of gifts, grants, or contracts from a foreign government would be reported here. Include the estimated dollar amount of contributed services on line 11.

LINES 13 and 14. Endowment income. Report: (1) the unrestricted income of endowment and similar funds; (2) restricted income of endowment and similar funds to the extent expended for current operating purposes; and (3) income from funds held in trust by others under irrevocable trusts. Do not include capital gains or losses. If any such gains are spent for current operations, these should be treated as transfers, not revenues.

LINE 15. Sales and services of educational activities. Report revenues derived from the sales of goods or services that are incidental to the conduct of instruction, research, or public service. Examples include film rentals, scientific and literary publications, testing services, university presses, and dairy products.

LINE 16. Sales and services of auxiliary enterprises. Report here all revenues generated by the auxiliary enterprise operations of the institution. Auxiliary enterprises are managed as essentially self-supporting activities. Examples are residence halls, food services, student health services, college unions, college stores, barber shops, etc.

LINE 17. Sales and services of hospitals. Include the revenues (net of discounts and allowances) of a hospital operated by the institution. Do NOT include here gifts, grants, appropriations, research revenues, or endowment income. Include revenues of health clinics that are part of the hospital unless such clinics are part of the student health services program.

LINE 18. Other sources. Include all items or revenues not covered elsewhere. Examples are interest income and gains (net of losses) from investments of unrestricted current funds. Include revenues resulting from the sales and services of internal service departments to persons or agencies external to the institution (e.g., the sale of computer time).

LINE 19. Independent operations. Include all revenues associated with operations independent of or unrelated to the primary missions of the institution (i.e., instruction, research, public service) although they may indirectly contribute to these programs. This category generally includes only those revenues associated with major Federally Funded Research and Development Centers.

LINE 20. Total current funds revenues. Report here the sum of lines 1 through 19 inclusive.

LINE 21. Pell Grants. Report the amount of Pell Grants received (but only to the extent disbursed) by your institution. This amount should be included on Part A line 6.

REPLACES NCES FORM 2300-4, 3/82, WHICH IS OBSOLETE

Part B. Current funds expenditures and mandatory transfers for fiscal year ending 1983

Report both unrestricted and restricted current funds expenditures in the following functional classifications:

LINE 1. Instruction. Expenditures of the colleges, schools, departments, and other instructional divisions of the institution and expenditures for departmental research and public service which are not separately budgeted should be included in this classification. Include expenditures for both credit and noncredit activities. Exclude expenditures for academic administration where the primary function is administration (e.g., academic deans). This category includes the following subcategories: general academic instruction; occupational and vocational instruction; special session instruction; community education; preparatory and adult basic education; and remedial and tutorial instruction conducted by the teaching faculty for the institution's students.

LINE 2. Research. This category includes all funds expended for activities specifically organized to produce research outcomes and commissioned by an agency either external to the institution or separately budgeted by an organizational unit within the institution. Do not report non-research sponsored programs (e.g., training programs).

LINE 3. Public service. Report all funds budgeted specifically for public service and expended for activities established primarily to provide non-instructional services beneficial to groups external to the institution. Examples are seminars and projects provided to particular sectors of the community. Include expenditures for community services and cooperative extension services.

LINE 4. Academic support. This category includes expenditures for the support services that are an integral part of the institution's primary missions of instruction, research, or public service. Include expenditures for libraries (line 5), museums, galleries, audio/visual services, academic computing support, ancillary support, academic administration, personnel development, and course and curriculum development. (Include line 5 expenditures in the line 4 total for academic support.) Line 4 is NOT the sum of lines 1, 2, and 3.

LINE 6. Student services. Report funds expended for admissions, registrar activities, and activities whose primary purpose is to contribute to students' emotional and physical well-being and to their intellectual, cultural, and social development outside the context of the formal instruction program. Examples are career guidance, counseling, financial aid administration, student health services (except when operated as a self-supporting auxiliary enterprise). Include the administrative allowance for Pell Grants.

LINE 7. Institutional support. Report expenditures for the day-to-day operational support of the institution, excluding expenditures for physical plant operations. Include general administrative services, executive direction and planning, legal and fiscal operations, and community relations.

LINE 8. Operation and maintenance of plant. Report all expenditures for operations established to provide service and maintenance related to campus grounds and facilities used for educational and general purposes. Do not include expenditures made from the institutional plant funds accounts.

LINES 9 and 10. Scholarships and fellowships. This category applies only to moneys given in the form of outright grants and trainee stipends to individuals enrolled in formal coursework, either for credit or not. Aid to students in the form of tuition or fee remissions should be included. (Exclude those remissions which are granted because of faculty or staff status. Charge these to staff benefits.) Do not report College Work Study program expenses here; report these expenses where the student served (e.g., dining halls, line 14; for a professor, line 1, etc.). If necessary, estimate. Include Pell Grants on line 10.

LINE 11. Educational and general mandatory transfers. Mandatory transfers from current funds are those that must be made in order to fulfill a binding legal obligation of the institution. Report mandatory debt-

service provisions relating to academic and administrative buildings, including (1) amounts set aside for debt retirement and interest, and (2) required provisions for renewal and replacements to the extent not financed from other sources.

LINE 12. Total educational and general expenditures and mandatory transfers. Enter here the sum of lines 1 through 4 plus 6 through 11.

LINE 13. Mandatory transfers for auxiliary enterprises. Report the amount transferred from current funds for mandatory debt service provisions relating to auxiliary enterprises. Examples include maintenance reserves.

LINE 14. Auxiliary enterprises. This category includes those essentially self-supporting operations which exist to furnish a service to students, faculty, or staff, and which charge a fee that is directly related to, although not necessarily equal to, the cost of the service. Examples are residence halls, food services, college stores, and intercollegiate athletics. (Include the mandatory transfers amount on line 13 in the line 14 amount.)

LINE 15. Mandatory transfers for hospitals. Report the amount transferred from current funds for mandatory debt service provisions relating to hospitals.

LINE 16. Hospitals. Report all expenditures, except depreciation, associated with the operation of the hospital, including nursing expenses, other professional services, general services, administrative services, fiscal services, and charges for physical plant operations. (Include the mandatory transfers amount on line 15 in the line 16 amount.)

LINE 17. Mandatory transfers for independent operations. Report the amount transferred from current funds for mandatory debt service provisions relating to independent operations.

LINE 18. Independent operations. Include all funds expended for operations that are independent of or unrelated to the primary missions of the institution, although they may indirectly contribute to the enhancement of these programs. This category is generally limited to expenditures of a major Federally Funded Research and Development Center. Do not include the expenditures of operations owned and managed as investments of the institution's endowment funds. (Include the line 17 amount in the line 18 amount.)

LINE 19. Total current funds expenditures and mandatory transfers. Report the sum of lines 12, 14, 16, and 18.

Part C. Physical plant assets for fiscal year ending 1983

Report the values of land, buildings, and equipment owned, rented, or utilized by the institution. Do not include those plant values which are a part of endowment or other capital fund investments in real estate. Data for your institution which are not kept on the books of account of your institution, but are kept in the records of another organization or agency for your institution, should be included (e.g., State schools should report physical plant even though records are maintained by a State agency). Exclude construction in progress; report completed buildings as an addition when accepted.

LINES 1, 2, and 3. Report the book values of land, buildings, and equipment.

COLUMN (2). Book value of plant at the beginning of fiscal year is intended as the dollar amount of value as shown on the institution's accounting records.

COLUMN (3). Additions during the year are additions to plant made through purchase, by gift-in-kind from donor, and from other additions.

COLUMN (4). Deductions from the plant are deductions resulting from selling, razing, fire or other hazards, or other disposition of assets.

COLUMN (5). Book value of plant at the ending of the fiscal year is intended as the dollar amount of value as shown on the institution's accounting records. Column (5) is the sum of columns (2) and (3), less column (4).

(COLUMN 6). Report or estimate the current costs to replace all buildings owned or utilized by the institution. Report recent appraisal value or what is currently carried as insurance replacement value. Do not include the replacement values of those buildings which are a part of endowment or other capital fund investments in real estate. This figure is not a book value figure.

Part D. Indebtedness on physical plant for fiscal year ending 1983

In Part D, report data on indebtedness liability against the physical plant. Include auxiliary enterprises facilities as well as educational and general facilities. Examples of auxiliary enterprises facilities are those used for operation of housing, food service, bookstores, and other units which are classified as auxiliary enterprises. Enter zeroes or NA's if your institution has no indebtedness.

LINE 1. Balance owed on indebtedness principal at the beginning of the year is that amount shown in the liability section of the plant fund balance sheet.

LINE 2. Additional principal borrowed during the year is loans negotiated through bonds, mortgages, notes, or any other type of financing (including short-term notes) and amounts borrowed from other institutional funds for physical plant.

LINE 3. Payments on plant loans principal during the year is the amount used to reduce the principal of loans, regardless of the source of funds.

LINE 4. Balance owed on indebtedness principal at the ending of the year is that amount shown in the liability section of the plant fund balance sheet. It is the sum of line 1 plus line 2, less line 3.

LINE 5. Interest payments on physical plant indebtedness. Report the total interest charges paid during the fiscal year on physical plant indebtedness. Exclude principal repayments (see line 3).

Part E. Details of endowment assets for fiscal year ending 1983

In Part E, report the amounts of gross investments of endowment, term endowment and quasi-endowment (funds functioning as endowment). DO NOT reduce investments by liabilities for Part E. (Part F column 4 requests endowment funds net of liabilities and therefore may be different from the totals reported for Part E.)

LINE 1. Value of endowment at the beginning of the fiscal year. Report the book value of endowment in the first column and the market value in the second column. (If market value on some investments is not available, use whatever value was assigned by the institution in reporting market values in the annual financial report.)

LINE 2. Value of endowment at the end of the fiscal year. The book value of endowment at the end of the fiscal year is that figure shown on the accounting records of your institution. Report this value in column (1) and the market value of endowment at the end of the year in column (2).

LINE 3. Endowment yield (dividends, interest, rents, etc.). Yield includes all earnings (not realized gains) on investments of endowments regardless of distribution made of the earnings to various institutional funds.

Part F. Statement of changes in fund balances for fiscal year ending 1983

The "Statement of Changes in Fund Balances" describes the total institutional flow of funds into, out of, and among all the various fund groups. Also included is a summary of the net effect of these flows (including beginning and ending balances) for each fund group. (See Figure 4 in the *Higher Education Finance Manual*.)

LINE 1. Additions. Report all moneys, excluding transfers, added to any fund group during the fiscal year.

LINE 2. Deductions. Report all funds, except transfers, flowing out of any of the fund groups during the fiscal year.

ED (NCES) FORM 2300-4, 4/83

LINE 3. Total transfers into/(out of). Report mandatory and nonmandatory transfers flowing into or out of any of the fund groups during the fiscal year. Transfers are self-balancing across the columns. That is, every transfer results in an equal addition (shown as a positive figure in the receiving fund group column) and deduction (shown as a negative figure in parentheses in the donor fund group column); therefore the net result always will be zero.

LINE 4. Net increase (decrease) for year. Report the net change in fund balances from the beginning to the end of the fiscal year. It is the difference between lines 6 and 5. A net increase is reported as a positive figure and a net decrease is reported as a negative figure (in parentheses).

LINE 5. Fund balance at beginning of year. Report the total of the fund balance prior to any of the flows additions, deductions, and transfers described in the statement for that fund group.

LINE 6. Fund balance at end of year. Report the total of the fund balance after all of the additions, deductions, and transfers described in the statement.

COLUMN (1). Unrestricted current funds. Report those funds that the institution's management may use for any purpose it deems necessary. Include unrestricted funds that are designated by the institution's governing board for a specific use.

COLUMN (2). Restricted current funds. Report those funds that are given to the institution for a very specific aspect of the institution's current operations.

COLUMN (3). Loan funds. Report those funds that have been loaned, or are available for loans to students, faculty, and staff. Do not include loans made to the institution.

COLUMN (4). Endowment funds. This fund group includes funds whose principal is nonexpendable and that are intended to be invested to provide earnings for institutional use. Include term endowment and quasi-endowment funds.

COLUMN (5). Annuity and life income funds. This category includes all funds carrying a stipulation that the institution make payments to one or more specified beneficiaries.

COLUMN (6). Plant funds. Report all unexpended plant funds, funds for renewal and replacement, funds for debt service charges and for the retirement of indebtedness, and the amount of institutional funds invested in physical plant facilities (other than those of endowment and similar funds).

Part G. To be completed by PUBLIC institutions only

Part G is designed to meet the data needs of the Bureau of the Census, U.S. Department of Commerce. It is to be completed by publicly controlled institutions only. The set of instructions, definitions, and reporting procedures for Part G differs from that for Part A through F. The instructions are consistent with the U.S. Department of Commerce's classification manual for public jurisdictions that are applied to the finances of all governments. For additional clarification on Part G, call Mrs. Genevieve Speight, Bureau of the Census, at (301) 763-7783.

LINE 1. Include receipts from sale of products of agricultural experiment station farms and for agricultural extension services.

LINE 2. This information should only be furnished by two-year institutions which are in part financed from taxes levied specifically for the support of an educational institution(s). Include taxes for current restricted and unrestricted funds as well as for plant funds and for debt service.

LINES 3 and 4. Include only Federal funds received for hospitals and agricultural experiment stations and extension services. On line 3 report funds received directly from the Federal Government (e.g., Department

REPLACES NCES FORM 2300-4, 3/82, WHICH IS OBSOLETE

of Health and Human Services and Department of Agriculture project grants). On line 4 report Federal monies received through State government agencies including Medicaid payments. All data provided in column (2) should pertain to hospitals in which service to the community or State is paramount (not infirmaries for students).

LINE 5. Report for the functions identified in the column headings gross salaries and wages of the academic and non-academic staff, paid student help, and part-time employees without deduction of withholdings for income tax or employee contributions for social security or retirement coverage. Do not include employer contributions for retirement and other benefits on this line.

LINE 6. Report for the functions identified in the column headings other current expenditures (such as for supplies, materials, contractual services, insurance, etc.). The following types of payments should be excluded from this line: (1) interest on debt, (2) retirement of debt, (3) scholarships and fellowships, (4) capital outlay, (5) investment in securities, (6) making loans, (7) employer contributions of a State education institution to a State administered employee-retirement system, (8) employer contributions of a local education institution to a locally administered employee-retirement system, and (9) interfund transfers.

LINES 7 through 9. Report on line 7 expenditures (from bond fund proceeds and all other funds) for the construction of new structures and other improvements, additions, replacements, and major alterations. Include in column (4) outlays for physical plant utilized by the departments, colleges, schools, and instructional divisions of the institution. Also, include outlays for administrative plant and libraries. On line 8 enter expenditures for the purchase of equipment (replacements as well as additions) and on line 9 the purchase of land and existing structures.

LINE 10. Amount of interest paid including any interest on short-term or nonguaranteed obligations as well as general obligations. Exclude debt principal retirement.

LINES 11 through 14. Report bonds, mortgages, etc., with an original term of more than one year, which are payable solely from pledged earnings, charges, or fees (e.g., dormitory, stadium, and student-union revenue bonds). Include any loans (not "Commitments") from H.H.F.A. and other Federal agencies. Exclude guaranteed long-term debt (i.e., those obligations that are issued by the State and backed by a pledge of credit to the State).

LINES 15 and 16. Report anticipation notes, interest-bearing warrants and other obligations with a term of one year or less. Exclude accounts payable and other noninterest-bearing obligations. Do not include interfund loans, or advances from State funds.

LINES 17 through 21. Report amounts of cash on hand and on deposit, and security holdings (at par value) as to all funds and accounts of your institution except agency accounts held in private trust or custodial capacity, and any contributory employee-retirement system funds. Include endowment funds, loan funds, and plant funds, as well as current funds. Exclude accounts receivable, value of property other than securities, and any amounts held for your institution by the State Treasurer. Sinking funds (column (2) are reserves held specifically for redemption of long-term debt reported on line 14 (but exclude any amounts for interest obligations). Bond funds (column (3) are funds established to account for the proceeds of bond issues pending their disbursement.

LINE 19. Report the obligations of the following seven government-owned agencies: CCC, Export-Import Bank, Federal Financing Banks, FHA, GNMA, Postal Service, and TVA.

Higher Education General Information Survey (HEGIS XVIII)

FALL ENROLLMENT IN INSTITUTIONS OF HIGHER EDUCATION - 1983

This form is authorized by law (20 U.S.C. 1221 e-1). While you are not required to respond, your cooperation is needed to make the results of this survey comprehensive, accurate, and timely.

DUE DATE: OCTOBER 15, 1983

1 NAME AND MAILING ADDRESS OF INSTITUTION OR CAMPUS COVERED BY THIS REPORT (See Definitions of Institutions on this page) (Include city, State and ZIP code)

2 FICE CODE NUMBER

3 NAME AND TITLE OF RESPONDENT

4 TELEPHONE NUMBER OF RESPONDENT
(area code, local number, and extension)

5 PLEASE NOTE THAT EACH INSTITUTION, BRANCH, CAMPUS OR OTHER ENTITY SEPARATELY CERTIFIED BY THE ELIGIBILITY AND AGENCY EVALUATION STAFF OF THE U.S. DEPARTMENT OF EDUCATION, WITH ITS OWN FICE CODE, AND LISTED SEPARATELY IN THE EDUCATION DIRECTORY—COLLEGES AND UNIVERSITIES, SHOULD BE REPORTED ON A SEPARATE SURVEY FORM AND NOT INCLUDED OR COMBINED WITH ANY OTHER SUCH CERTIFIED UNIT, BRANCHES, CAMPUSES, AND OTHER ORGANIZATIONAL ENTITIES NOT SEPARATELY CERTIFIED SHOULD BE INCLUDED WITH THE APPROPRIATE INSTITUTION OR BRANCH REPORT. IF SUCH ARE INCLUDED IN THIS REPORT, PLEASE LIST THEM BELOW.

ARE DATA FOR THIS UNIT INCLUDED IN THIS REPORT?	NAME OF BRANCH AND/OR OTHER CAMPUS	ADDRESS (CITY, STATE, AND ZIP CODE)
☐ YES ☐ NO		
☐ YES ☐ NO		
☐ YES ☐ NO		

6 IF THE EDUCATIONAL ORGANIZATION OR ENTITY COVERED BY THIS SURVEY REPORT IS PART OF A MULTI CAMPUS INSTITUTION, OR PART OF A SYSTEM OF INSTITUTIONS, PLEASE ENTER THE NAME OF THE INSTITUTION OR SYSTEM BELOW IF NOT APPLICABLE, CHECK HERE ☐

Definitions of Institutions

Institutional System. A complex of two or more institutions of higher education, each separately organized or independently administered, under the control of a single administrative body.

Multi-Campus Institution. An organization resembling an institutional system, but clearly designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration (which central administration may or may not be located on one of the administratively equal campuses) or (2) an institution having a main campus with one or more branch campuses.

Main Campus. In those institutions comprised of a main campus and one or more branch campuses, the main campus (sometimes called the parent

institution) is usually the location of the core, primary, or most comprehensive program. (Unless the institution-wide or central administrative office for such institutions is reported to be at a different location, the main campus is understood to be the location of the central administrative office.)

Branch Campus. A campus of an institution of higher education which is located in a community different from that of its parent institution, that is, beyond a reasonable commuting distance from the main campus of the parent institution. To be considered a branch campus, rather than an extension center, the educational activities at the location must be organized on a relatively permanent basis (i.e., have a relatively permanent administration) and include course offerings for one or more complete college-level programs of at least one full year.

INSTRUCTIONS AND DEFINITIONS

GENERAL INSTRUCTIONS

Proofread the completed report before returning it to the National Center for Education Statistics.

This report should include students taking work creditable toward an associate, bachelor's, or higher degree, or those students enrolled in a vocational or technical program that is normally terminal and results in some other formal recognition below the baccalaureate.

If exact counts are lacking for a particular category of students that should be reported, include an estimate for the group and indicate with an "E" following the number estimated.

Do NOT fill out separate forms for extension centers. Only campuses with their own FICE code numbers should be reported on separate questionnaires. Extension students should be reported on the form for the main campus.

Do NOT include in this report:

- (a) Students in noncredit adult education courses and noncredit extension courses.
- (b) Students taking courses at home by mail, radio, or television where the course(s) are not creditable toward a bachelor's degree or some other formal recognition below the baccalaureate.
- (c) Auditors.
- (d) Students studying abroad if their enrollment at the institution is only an administrative record and the fee is only nominal.
- (e) Students in any branch campus or extension center in a foreign country.
- (f) High school students taking college courses.
- (g) Students known to be enrolled concurrently at another college or university, if the latter will report their enrollment (to avoid double-counting). Normally, the institution that will eventually grant the degree should report the student's enrollment.

NOTE: No matter what the calendar system, report on this questionnaire only those students enrolled during the FALL TERM.

If you need CLARIFICATION of any item on the questionnaire that pertains to fall enrollment, call the Survey Director, Mrs. Susan G. Broyles, NCES, (301) 436-6425.

DEFINITIONS

UNDERGRADUATES. Students enrolled in a 4- or 5-year bachelor's degree program, in an associate degree program, or in a vocational or technical program that is normally terminal and results in formal recognition below the baccalaureate.

CLASS LEVEL. Whether first-year, second-year, etc. should be determined in a logical, consistent, and identifiable way. Usually, a student's class level would be based on the proportion of total requirements he has obtained toward the completion of the degree program in which he is enrolled, according to the number of years normally required to obtain them.

FIRST-TIME FRESHMEN. Entering freshmen who have not previously attended ANY college. Include students enrolled in the fall term who attended college for the first time in the summer of 1983. Also include students who entered with advanced standing (college credits earned before graduation from high school) at the freshman level.

OTHER FIRST-YEAR. First-year students who entered the institution before the summer of 1983.

UNCLASSIFIED STUDENTS. Not candidates for a degree or other formal award, although taking courses for credit in regular classes with other students.

UNDERGRADUATE LEVEL. Includes but is not limited to undergraduates who cannot be classified by class standing; for example, new transfer students. Also included are students who already have bachelor's degrees or awards below the baccalaureate but are taking courses at the same level or lower. Included also are "special students" and teachers taking additional undergraduate courses for certification.

POSTBACCALAUREATE LEVEL. Includes but is not limited to "special" and other students taking first-professional or graduate courses but who are not working toward a degree.

FIRST-PROFESSIONAL STUDENTS. Students enrolled in a professional school or program which required at least 2 academic years of college work for entrance and a total of at least 6 years for a degree. Report only students in those first-professional degree programs in the fields of chiropractic, dentistry, law, medicine, optometry, osteopathy, pharmacy, podiatry, theology, and veterinary medicine as specified in Part B of FD (NCES) Form 2300-2.1A, Degrees and Other Formal Awards Conferred. Students in programs requiring only 4 or 5 years beyond high school should be reported as undergraduates.

GRADUATE STUDENTS. Students who hold the bachelor's or first-professional degree, or equivalent, and are working toward a master's or doctor's degree.

FIRST-TIME GRADUATE STUDENTS. A student who is enrolled at the graduate level for the first time and who has not previously attended any other college as a graduate student. Include graduate students enrolled in the fall term who attended graduate school for the first time in the summer of 1983.

ALL OTHER GRADUATE STUDENTS. All graduate students who are not first-time.

FULL-TIME STUDENTS. Those whose academic load (course work or other required activity) is at least 75% of your institution's normal full-time load.

FULL-TIME-EQUIVALENT (FTE) ENROLLMENT OF PART-TIME STUDENTS. Convert part-time students (lines 15-28) into full-time equivalents by one of the following and indicate the method used by circling 1, 2, or 3 below:

- (1) Use a method already employed in your institution to compute FTE's for some other purpose.
- (2) Sum the credit hours for part-time students and divide by the normal full-time credit-hour load. **NORMAL FULL-TIME CREDIT-HOUR LOAD** is usually determined by dividing the total number of credits required for completing the program by the institutionally defined length of program in terms, or by the number of terms required of a fully-engaged student to obtain such credits. Do not confuse this with the minimum number of credit-hours required for a student to be classified full time (75% of a normal full-time load). **NOTE:** Divide by the normal full-time load, not by the minimum full-time load. For most institutions, this will be 15 credit-hours (not 12).
- (3) Assign a fractional value of full-time to each part-time student, appropriate to your institution, such as 1/4, 1/3, or 1/2. Remember that a student taking 3/4 (75%) or more of a normal full-time load should be classified as a full-time student.

NOTE: In all cases Full-Time-Equivalent (FTE) enrollment of part-time students should be reported as whole numbers (lines 15-28, column 15).

RACIAL/ETHNIC CATEGORIES

The shading in columns 1-12 indicates that NCES is not requiring completion of these columns for 1983. However, the format of the 1982 questionnaire has been retained for use by State education agencies, central systems offices, and other units that would ordinarily collect these data anyway, and so that institutions with computer-generated data bases can utilize the programming developed to produce the data for the 1982 survey.

Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins. For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person may be counted in more than one racial/ethnic group.

The definitions for these categories are:

Non-Resident Alien. A person who is not a citizen or national of the United States and who is in this country on a temporary basis and does not have the right to remain indefinitely. Resident aliens, who are not citizens or nationals of the United States and who have been lawfully admitted for permanent residence (*and who hold alien registration receipt cards - Form I-551/I-55*), are to be reported in the appropriate racial/ethnic categories along with United States citizens.

Non-resident aliens are to be reported separately, on the lines provided, rather than in any of the five racial/ethnic categories which follow.

Black, non-Hispanic. A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).

American Indian or Alaskan Native. A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.

Asian or Pacific Islander. A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands, and Samoa.

Hispanic. A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

White, non-Hispanic. A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin).

The manner of collecting the racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should also be employed where feasible. In order to provide reasonably accurate data, the institution may require students to complete a questionnaire and/or identify themselves by name or otherwise when providing information. The fact that the information is being gathered in compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 indicates that it may be disseminated in the manner and to the extent that the institution deems appropriate.

How to get started with the System Utilities

What to do first

Make backup copies of each disk in the set of two. Use these copies for work and keep the originals safely stored in case you need to copy them again.

Format a third disk to use as a data disk. After the disk is formatted, copy the files named RATIOS.MAS and RATIOS.EXC from the Utilities disk to the new disk. You will need these two files on each data disk you create.

Print the Manual

Set up your printer with about fifty sheets of paper.

With MS DOS active, insert the disk labeled System Manual in Drive A and at the A> prompt type MANUAL followed by pressing the Enter key.

The Manual will be printed to your printer.

The Manual gives you detailed instructions about how to use the Information Management System to enter, retrieve, and manipulate data.

If you can't wait

You really will save time if you read the manual first. But like any new tool you probably want to put this utility to work immediately. So here's how.

Make MS DOS active.

If you are using a dual floppy disk system, place the

Information Management

System disk in Drive A and at the A> prompt, type NPLR then press Return. The program will load. Shortly you will be asked to name the drive that holds the data and programs you want to use with NPL/R. Normally this is the B Drive for a dual floppy system. Enter B: (be sure to include the colon) and press return. Immediately a CMD> prompt will appear on the screen replacing the A> prompt of MS DOS.

The CMD> prompt tells you that you are now at the Command level of NPL/R.

To get to this same point with an XT using the hard disk drive, copy both the System and the Utilities disks into the directory you wish to use.

With the DOS prompt active in the appropriate directory, type NPLR and press Return. You will be asked to name the Drive you intend to use for data. If you are using the same directory, press Enter. If you want to use another directory on the hard disk, type C:(subdirectory name) and press Return. If you are using data from a floppy disk in either A or B drives, name those drives. The Drive can be changed at any time by typing: SET PREFIX="A:" for the A Drive, etc.

You must leave the System disk in Drive A when using a dual floppy system. The program will need to reference messages from time to time or additional programs as you make use of the program's features.

Entering data

Place the new disk to which you copied RATIOS.EXC and RATIOS.MAS in the B Drive if you are using a dual floppy system. If you are using a hard disk system the necessary programs are already resident in the directory where you copied the Utilities disk.

Type DO RATIOS and press Return. A screen will appear prompting you to enter data values for those institutions in the book you want to compare.

You don't need to enter data for every prompt. Just press Enter to move to the next data field.

It's an excellent idea to read the section on Data Entry in the Manual at this time. There you will learn how to handle keying errors during and after entry.

Retrieving data

After you have a few records in the file, leave the data entry program. At the CMD> prompt type GET RATIOS and press Return. Next, type FILE? and press return. A list of the data fields will be printed to the screen. Pick the ones in which you have entered data.

At the CMD> prompt type PRINT (Fieldname) (Fieldname) END then press Return. The values from each record will be printed to the screen. If you want the results to be sent to your printer, type PRINTER and Return before you make the PRINT request. Now you're started. Read the Manual to move on.

AT users Boot DOS 3.0; Type: SET NO87=TRUE; Press: RETURN. Proceed as above.
